

As the largest renewable energy owner-operator in the Hoosier state, our projects **generate homegrown energy and economic opportunities, while lighting the way for a sustainable future.**

“Solar energy provides for the needs of the United States without providing lasting harm to the environment. We are members of your community here to make a lasting impact.”

- Chris Goldsberry, Director of Origination at EDP North America

BENEFITS OF EDP's INDIANA PROJECTS

\$1.8 billion
CAPITAL INVESTMENT

\$35.3 million
PAID TO LOCAL GOVERNMENTS

\$90.6 million
PAID TO LANDOWNERS

\$100.1 million
SPENT WITHIN INDIANA

JOBS CREATED¹
90+ permanent
1,820+ construction

Saves more than **2.7 billion gallons** of water each year and prevents air pollution that causes smog, acid rain, and climate change²

¹ Full-time equivalent jobs calculated by dividing number of contractor hours worked during construction by 2080.

² Assumes 0.58 gallons of water consumed per kWh of conventional electricity from Lee, Han, & Elgowainy, 2016.

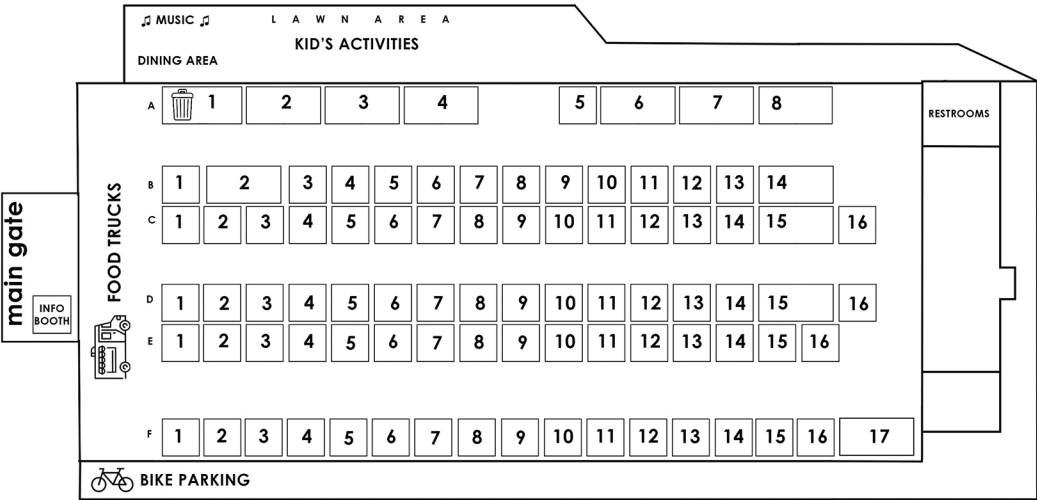

We're excited to be developing in Allen County!
